

Wiggy's
In memory of Marc Witkes

February 28, 2010, 10 am

Wiggy's starts at Cascade Village, located just north of Durango Mountain Resort. The course climbs Coal Bank and Molas Pass before descending into Silverton. The road is NOT closed to traffic and could well be snow packed and icy. Information about the route may be found at:

<http://www.usatf.org/routes/view.asp?rID=343859>

There will be informal support on the course but you MUST run as if the event is unsupported. Bring warm clothes. Carry water and food.

Run defensively, drivers do not expect to encounter runners at 12,000 feet on the roads in February – they are not watching out for you.

Return transportation to the start is your responsibility. I can serve as clearinghouse for anyone interested in driving to Silverton on Saturday to leave vehicles.

Feel free to e-mail me with questions:
